Peterson Properties, New Mexico's largest landlord, is seeking a full-time Roof Maintenance Technician with experience in repairing, installing and/or inspecting commercial and residential roofs. The company owns over 1,000,000 square feet of roofs in New Mexico that need care, repair and protection. The successful candidate will also be expected to contribute to the overall versatility and capacity of our growing maintenance staff, including assisting in projects involving HVAC, landscaping and make-ready work. You must have a valid driver's license, high moral integrity, ambition, exceptional work ethic and be prepared to pass both a background check and a drug screening to employer's satisfaction. This position offers potential for advancement. Bilingual (Spanish) is preferred but not required. Valid references are required. $22.00/hour, plus health coverage.
